

SLOV VS 4 / 22

The Embassy of the Argentine Republic in Vienna presents its compliments to the University of Maribor and has the honour to inform that the the Ministry of Science, Technology and Innovation of Argentina has opened the call for the RAICES and the LELOIR Awards 2022.

The **RAICES** Awards are intended for argentine scientists, researchers and technologists living abroad who collaborate actively with the strengthening of the National System of Science, Technology and Innovation. Furthermore, the **LELOIR** Awards are aimed at scientists, researchers and technologists of all nationalities who have worked in the strengthening of the scientific and technological capacities of Argentina. Both awards seek to recognize and make visible the contributions with the national system of science and strengthen ties of international cooperation.

Should this University have knowledge about scientists, researchers and technologists from Argentina working in its departments, or scientists, researchers and technologists from any country working in scientific projects related to Argentina, this Embassy would greatly appreciate if the University could inform them about this call.

The **deadline** to apply to both Awards is **the 29<sup>th</sup> of July of 2022**. On this website the applicants can find all relevant information:

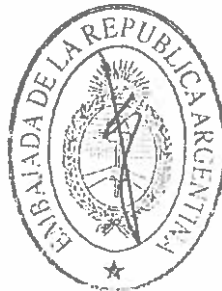

<https://www.argentina.gob.ar/ciencia/financiamiento/premios-raices-leloir-2022>

The Embassy of the Argentine Republic would also like to transmit to all argentine scientists, researchers and technologists who may work at the University of Maribor its great interest in contacting them. We would be very grateful if the University could convey this message.

The Embassy of the Argentine Republic avails itself of this opportunity to renew to the University of Maribor the assurances of its highest consideration.

Vienna, 19th July 2022
