

Dear Sir/Madam

The [FirEUrisk Project](#) has developed a science-based strategy to tackle wildfire risk, already validated in five regions across Europe: Barcelona province, central Portugal, central Europe, Kalmar county and Attica region.

**We would like to invite you to the final demonstration event which will show the integration of products for wildfire risk assessment, reduction, and adaptation across Europe.**

**Demonstration objectives :**

- Critical assessment of the methods/products developed within the FirEUrisk project for the European Territory.
- Validation/semi-operational test for the summer of 2024 fire season.

**Organisers:** FirEUrisk Project, University of Alcalá de Henares.

**Date: Monday, 16<sup>th</sup> September 2024**, from 9:00 to 18:00 CEST time. Save the date!!

**Venue:** Consiglio Nazionale delle Ricerche (CNR), Area Territoriale della Ricerca Milano 1, Via Alfonso Corti 12, 20133, **Milan**, Italy. **Online participation is also possible.**

**Audience:** Forest fire, environment, and civil protection related officers from European Commission institutions (DG JRC, DG ECHO, DG ENV, DG RTD, DG CLIMA, etc.). Complementary, national forest fire experts and managers (EGFF Expert Group on Forest Fires), researchers from other EU fire projects.

**Demonstration format:** the event will be hybrid, presential and on-line, with preferred in-person attendance.

A videoconference link will be provided to registered users if they cannot attend in person. The FirEUrisk project will cover costs of lunch and coffee breaks for in-person attendants.

**Contact point:** Emilio Chuvieco: [emilio.chuvieco@uah.es](mailto:emilio.chuvieco@uah.es), M. Lucrecia Pettinari: [mlucrecia.pettinari@uah.es](mailto:mlucrecia.pettinari@uah.es)
